Wednesdays - 12:00pm to 2:00pm

Thursdays - 1:00pm to 3:00pm

Baby Music (3-9 months): FREE class that includes music, movement, and playful exploration designed to support babies' development while also guiding families and caregivers through meaningful ways to engage with their little ones.

PlayMusic (9-18 months): Introduces early learning concepts with singing, dancing, music, and instrument play.

Music (12-36 months): Introduce a variety of musical genres and instruments from around the world. Little musicians work on rhythm, rhyming and keeping the beat! Teachers instill a love of music and peer play with our custom curriculum designed to inspire young students!

PlayMovement (9-18 months): Introduces gentle movement that encourages gross motor skills, balance, coordination and mindful interaction to support your little one's natural growth and development.

Movement (12-36 months): Active class that encourages gross motor skills, balance and coordination. Children engage in peer play on obstacle courses, sports and games and enjoy yoga stretching, dancing in bubbles and music!

Preschool Skills (18-36 months): Introduces foundational skills and instills an early love of learning with Music, Movement, and Montessori Time!

Preschool Readiness (18-36 months - DROP-OFF):

Our thoughtfully designed program meets your child where they are developmentally and grows with them—building foundational skills, confidence, and community. With gentle separation, our short drop-off Preschool Readiness program supports early independence, language, and social-emotional skills in a safe and nurturing environment—preparing your child for the rhythm and routines of Preschool.

After School PODS (DROP-OFF):

Reading & Writing (3-5 years): This class uses Foundations and Handwriting without Tears techniques. Students participate in hands-on activities practicing letter formation, sentence structure, rhyming, alliteration, decoding, and more!

S.T.E.A.M (3-5 years): This class is guided by the letter of the week where students explore in Science, Technology, Engineering, Art, and Math!
